**Description: All year, Champions Extended Learning offers before- and after-school education-based programs. In the summer however, Champions becomes a super-fun destination for kids in kindergarten through 6th grade. With three unique weeks of camp themes, totally different than our school-year programs, we will keep your child engaged and active. Designed to be fun for kids and convenient for adults, each day offers a new set of activities and every week offers a new theme including an offsite field trip, so stay for all three weeks or just one! To register, you must visit our website: [www.DiscoverChampions.com](http://www.DiscoverChampions.com) or call 800-350-5034.**

### **Session 1: Splish Splash!**

**Water play and activities encourage children to explore the properties, uses and conservation of water.**

### **Session 2: Sports Smarts**

**From stretching and having a healthy diet, to learning about some of the most popular sports played around the world, this high-energy week will make getting fit a whole lot of fun!**

### **Session 3: Feats of Science™ Motion Machines**

**Your child will uncover the science that makes things move, and will build a K'Nex® racer of their very own!**

---

**Before & After care will be offered.....**

**Champions will be providing before and after care for programs running at the Yelle School during the Summer Splash weeks.**

**Times offered: 7:00am-9:30am & 3:30pm-6:00pm**

### **Scoring and Stats for Baseball/Softball**

**Teacher: Jason Ladino**

**Session # 1**

**Time: 12:30 p.m.-3:30 p.m.**

**Grade Level: Grades 4-8**

**Materials:** Students should bring pencils, highlighters, a folder or a 3-ring binder

**Cost: \$95**

**Description:** Have you ever wondered what all those stats you see during the Red Sox games really mean? What is On-base Percentage, and how is it calculated? How about those crazy looking score cards you see Jerry Remy filling out on TV, what is that all about? This one week course takes a look at our national pastime from a statistician's perspective. Students will learn how to score a baseball/softball game. We will also take an in-depth look at some of the more popular statistics, what they mean, and how they are calculated. Reviews of basic math concepts like ratios, proportions, and percentages as well as calculator skills will be integrated throughout the week. This course is for anyone who loves baseball/softball and wants to look a little deeper into the numbers. It would also be a great beginning for students with thoughts of being a team manager or statistician or dreams of becoming a sports analyst.

**Unplugged Fun – Card Playing for Kids (Part 1)****Teacher: Jason Ladino****Session # 2****Time: 12:30 p.m.-3:30 p.m.****Grade Level: Grades 4-8****Materials:** Students should bring writing utensils, a folder or a 3-ring binder (for handouts)**Cost: \$95**

**Description:** Have you ever wondered what people did for fun before X-Box, Television, or even electricity? Discover the centuries of old tradition of card playing. During this course students will have fun learning how to play two classic card games, Rummi and Cribbage. These games are easy to learn, fun to play, and still popular today. Did you know that Red Sox Manager Terry Francona and All-Star Dustin Pedroia play cribbage against each other almost every day during the baseball season? In addition to learning the rules and playing these classic games, students will learn a brief history of each game and begin to explore some simple strategy. Besides being fun, card playing teaches students critical thinking skills, decision making and thinking ahead. These games are also an easy way to reinforce basic math facts. Students will also be encouraged to play these games with others at home. Or better still; learn a new game from someone else. So join us and learn what people have been enjoying for hundreds of years, playing cards.

**Unplugged Fun – Card Playing for Kids (Part 2)****Teacher: Jason Ladino****Session # 3****Time: 12:30 p.m.-3:30 p.m.****Grade Level: Grades 4-8****Materials:** writing utensils, a folder or a 3-ring binder (for handouts)**Cost: \$95**

**Description:** Have you ever wondered what people did for fun before X-Box, Television, or even electricity? Discover the centuries of old tradition of card playing. During this course students will have fun learning how to play two classic trick-taking card games, Hearts and Spades. These games are easy to learn and fun to play. They involve a little more strategy as they include bidding and playing with a partner. This is the perfect next step for younger kids enrolled in Part I, but it is also easy to jump into for older kids without any experience. In addition to learning the rules and playing these classic games, students will learn a brief history of each game and begin to explore some simple strategy. Besides being fun, card playing teaches students critical thinking skills, decision making and thinking ahead. Students will also be encouraged to play these games with others at home. Or better still, learn a new game from someone else. So join us and learn what people have been enjoying for hundreds of years, playing cards.
